Double sided tissue tape

Double sided tissue adhesive tapes

**Description of double sided tissue tape:**

Double sided tissue tape is making tissue paper as baking, both sides coated with acrylic water or solvent based adhesives and laminated with double side release paper.

**Features of double sided tissue tape**

Excellent tack and good strength for immediate bonding;

Good resistance to solvent, heat and chemical;

Easy for mounting, laminating and bonding of various surfaces;

Tearing easily by hand, has a fast grabbing acrylic adhesive with excellent holding power and heat resistance;

JT non-woven series tape has the following features, repeated tearing; high tensile strength; high viscosity and no residual stains after the tearing. It can be used in a variety of materials, such as metal, plastic and foams;

Laminating well to a variety of substrates, and performs well over a wide temperature range.
